

# Station Gallery Student Supply List

Artist Instructor	Program	Date of Lesson(s)
Chelsea Frattura	Oil Painting	October 16th-November 20th

## Note to Participants:

This class requires students to bring their own materials. While specific paint colors are recommended, any red, yellow, blue, and white oil paint will work. Please avoid water-mixable oils, as we will be using traditional oil painting materials, including mineral spirits. For paint thinner, Michaels carries suitable options, but you can also find alternatives at Home Depot or other hardware stores.

Throughout the course, we will complete both painting exercises and fully realized artworks. You may use a pad of canvas paper for your studies or complete all work on gessoed, flat canvas boards. Suggested sizes are listed, but any similar size based on availability is fine.

ART SUPPLY	DETAILS	SIZE(S)	QUANTITY
<b>Canvas Board</b>	Flat, unframed, gessoed	8"x10" - 11"x14" size based off preference	3
<b>Canvas Board</b>	Flat, unframed, gessoed	4"x4" size based off preference	2
